- (1) Nucleic acid sequence encoding the polypeptide from the H77 strain of HCV which binds to the SID polypeptide (4) described in the same line.
- (2) 5'-end and 3'-end nucleotide positions of the sequence SED ID (1) in reference to the nomenclature disclosed by Yanagi et al. (1997)
- (3) Amino acid sequence of the polypeptide from the H77 strain of HCV which binds to the SID polypeptide (4) described in the same line.
